

ROYAL PRINCE EDWARD YACHT CLUB

ABN 12 000 900 069

Revised: 14th October 2021

COVID-Safe Sailing

Information for Members and Guests

Recreational boating is permitted under the NSW Government Public Health Orders and RPEYC racing will commence from Wednesday 27th October 2021.

RPEYC is pleased to be sailing, but COVID-19 is still with us and the way we sail needs to adapt. We are all obliged to work together to fight the transmission of the virus, so the club has updated the requirements for sailing. You must be double vaccinated before joining others on a boat or at the Club.

At Home:

If you have COVID-19 symptoms, follow the NSW Government recommendation and get tested at a COVID-19 testing clinic. Symptoms include cough, sore/scratchy throat, shortness of breath or fever. Self-isolate until you get your results.

If you are a person at risk of serious infection from COVID-19, or have symptoms of the virus (even if mild), stay at home.

Before Boating:

Whenever you enter the Club grounds you must register using the Service NSW QR Code at the front door. All members and guests must be registered and double vaccinated (if over 16 years old).

The skipper must ensure contact details of all persons on board are known for possible contact tracing. The skipper is responsible to ensure all persons on board are double vaccinated.

Ashore:

- Avoid congregating on the front lawn. Maintain at least 1.5m distance between each other.
- Hand sanitizer is available in the Club.

Afloat:

The only limit to the number of fully vaccinated people on a vessel is the allowable capacity on the vessels' Australian Builders Plate.

COVID-19 positive result

If you are aware of a positive COVID-19 test result with whom you have been in contact (including your crew) you must notify RPEYC and NSW Health Department, without delay.

Remember – Everyone participates at their own risk.
